

The First Time a Student Logs In to an eText

The first thing you need to do when you open an eText for the first time is to input your teacher's Course ID. This will allow you to connect to your teacher's eText, and you can receive notes from your teacher.

1. The first time you open a particular eText title, you will see this screen:

The screenshot shows the Pearson eText interface. At the top, there is a dark blue header with the Pearson logo on the left and navigation links for 'Welcome Kelly Ronan', 'Bookshelf', 'Help', and 'Sign Out' on the right. Below the header, the main content area features a book cover for 'Math Makes Sense 3' with a 'Book ID: 6780'. The authors listed are Ray Appel, Dorothy Galvin, Sharon Jeroski, Wendy Weight, Ricki Wortzman, Trevor Brown, Lorelei Gibeau, Peggy Morrow, and Mignon Wood. A section titled 'Join a Course' is visible, with a sub-section 'Search by eText Course ID*'. Below this, there is a search form with a dropdown menu set to 'eText Course ID*', an empty text input field, and a 'Search' button. A note below the search form states: '*Please note that your eText Course ID is different from the Course ID provided by your Pearson learning and assessment platform.' At the bottom of the search section, there is a 'Go to eText' button. The footer of the page contains copyright information for 2013 Pearson Canada and links for 'Terms of Use', 'Privacy Statement', 'Permissions Requests', 'Support', and 'Feedback'.

2. Your teacher will provide you with his/her Course ID. Input it in the space provided, and click Search
